Front End Developer

Aspiring and enthusiastic Junior Front-End Developer with a strong foundation in building responsive and user-friendly web interfaces. Proficient in HTML, CSS, JavaScript, and familiar with frameworks like React and Next.js, I am passionate about crafting seamless user experiences and continually improving my skills. Eager to learn advanced technologies such as TypeScript and ExpressJS, I thrive in team-oriented environments that encourage growth and innovation. I'm looking for an opportunity to contribute to impactful projects while expanding my technical expertise and building a solid career in front-end development.

Highlights

- Strong foundation in front-end technologies, including HTML, CSS, JavaScript, and familiarity with React and Next.js.
 - Completed hands-on projects such as small-scale web applications, showcasing problem-solving and creativity.
 - Gained practical experience through internships or freelance work, contributing to user-friendly interfaces and optimized web performance.
 - Eager to expand technical expertise, currently exploring TypeScript and modern CSS frameworks like SASS.
-
